Protect[™] R.T.U.

Disinfectant cleaner

Ready-to-use, multi-purpose, perfumed detergent and disinfectant. Kills a range of bacteria and effective against enveloped viruses.

Passes EN 14476; effective against enveloped viruses* (eg. Coronaviruses).

Kills a wide range of bacteria; passes EN 1276 with a 30 second contact time.

- Helps to prevent infection and cross-contamination in schools, hospitals, clinics, surgeries, nursing homes, sports/leisure clubs and wherever there is a risk of infection.
- Suitable for use on all hard, washable surfaces/equipment (eg. door handles/plates, tables, telephones/headsets/computer mice, etc.).
- Also suitable for use on sunbeds, and in steam rooms or saunas.
- Effective against MRSA, Legionella and Shigella (causes dysentery).
- Leaves a clean, fresh fragrance.
- Approved for POLYFLOR flooring.
- Protect is available in a 5 L concentrate bottle, for maximum cost in use.

*Protect RTU is supplied, pre-diluted, at 1:15, for use against enveloped viruses. The spray bottle may be refilled at 1:25 if only bactericidal activity is required.

DISINFECTING HARD SURFACES & EQUIPMENT:

Clean surfaces before disinfection.

Apply to surface by spray or clean cloth. Leave on surface for the required contact time (see label). Wipe with a clean cloth and allow to air dry.

Not suitable for use on food contact surfaces.

To prevent chemical build up, surfaces should be periodically washed. To refill bottle, please refer to Protect 5 L label or information sheet.

USE DISINFECTANTS SAFELY.
ALWAYS READ THE LABEL AND PRODUCT INFORMATION BEFORE USE.
